

Art at Sea Holiday

Among British Columbia's Islands

A Frommer's "Trip of a Lifetime"

Some people who visit the Gulf Islands think they've stumbled into Paradise.

This group of hundreds of semi-mediterranean islands in a protected sea has drawn people for millenia, with its green and gold slopes, blue ocean and ring of snow-capped peaks

A Trip for Drawing & Painting Nature

If you love to sketch and paint nature, join the Art at Sea trip on the classic schooner *Maple Leaf* and receive personal instruction from an accomplished artist and art instructor.

Your teacher and the *Maple Leaf*'s other crew will lead a small group of students on a painting and exploring tour of the Gulf Islands.

Destinations include little-known islands where some of nature's most beautiful spectacles occur: seabird colonies, sea lion haul-outs, wildflower meadows, rock formations, cactus and arbutus glades.

The trip will also involve other scenic locales ranging from remote docks to quiet anchorages, and sailing classic wooden schooner *Maple Leaf* in Georgia Strait or one of the islands' major channels.

Generally, there will be instruction in the morning, and activities, sightseeing and shore excursions in the afternoon. You'll have opportunities to sketch and photograph on shore, too.

Class Details and Plan

This trip is open to people who wish to draw and paint the richness of the west coast landscape.

The Gulf Islands in the spring are the perfect backdrop to studying plants, animals, reflections and mossy outcrops. Arbutus trees have rich red bark in April and will hopefully be a feature of the five day workshop.

The agenda may vary depending on the weather, the location and the group's interest.

The type of subjects we may cover in the daily sessions

are:

1. Shoreline rocks and beaches
2. Gulf Islands wildlife (e.g., birds, intertidal, other)
3. Vegetation e.g. botanicals, trees
4. Drift wood in morning light
5. Water and reflections

Throughout the exercises pointers in composition, lighting perspective and colour will be covered along with a host of tricks and techniques.

With the small number of fellow-painters aboard (max. 8) there will be excellent opportunities for one-on-one instruction.

You will see the world with new eyes at the end of these five days!

Prior to the start of the trip, we'll send you further details in a bulletin.

Most of the lessons will take place on board. On the daily shore excursions participants will have opportunities to do shorter sketches with pencil or pen and ink which may be coloured with watercolour washes.

The Gulf Islands on *Maple Leaf*

Step aboard the schooner *Maple Leaf* and enter a world where the most important decision is which place to explore next.

With 200+ islands and islets in a protected "inland sea", the options are many. Some islands have "dry rainforests" of Garry Oak, fir and arbutus. Some have white shell beaches. Some have colonies of animals.

Maple Leaf's crew knows the area well and while you'll visit some of the larger, well-known islands, you'll also be guided to little-known havens to which most people will never have access. (Ever heard of Cabbage Island? How about Mandarte, Prevost and Wallace?) These are the natural places the government has protected by creating the Gulf Islands National Park.

On shore excursions, you'll explore rocky beaches, quiet lagoons and spectacular passages. The islands lie in a rain shadow, so some even support small cacti. Our onboard naturalist unlocks the wonder of even the smallest shells you may find. All day, our chef prepares "wilderness gourmet" meals and snacks from fresh, local ingredients

Spouses Are Welcome!

Maple Leaf has a professional expedition crew, so non-painting spouses are welcome to come, and to participate in other activities during your workshops (such as kayaking, shore walks, etc.) if they like.

General and Booking Information

Family & Friends Trips

Planning a family reunion? Thinking of spending some special time with friends?

Over the years, a number of extended families or groups of friends have booked a whole charter. They say it provides them quality time in an unhurried, magical atmosphere, allowing them to connect on a deeper level than in our normal "hurly-burly" world. Not to mention that the crew, chef and naturalist take care of the logistics!

If you think this is something you'd like to do, call us to discuss. Advance notice to book an entire trip is required, so let us know as soon as possible so that we can accommodate your plans.

About our company:

Maple Leaf Adventures has been operating trips focused on the natural history of B.C.'s northwest coast and Alaska, and the culture of the First Nations peoples of the areas, since 1986. We have a reputation for quality, professionalism and sensitivity to both the natural and cultural landscapes.

Our institutional clients have included the Royal BC Museum, The Canadian Museum of Civilization and the John G Shedd Aquarium. Our company has been recognized by the Canadian government as a leader in eco-tourism and our trips have been featured internationally in such travel guides as *Frommer's* and on the Oprah Winfrey television show.

About Our Trips and the Ship

Our trips take place in the best areas and at peak times for natural phenomena; therefore they originate from different places on the coast. Our guests fly, drive, or take a ferry to meet us at trips' point of origin, which maximizes the amount of time we are able to spend exploring our chosen areas.

A small group of guests allows us the flexibility to respond to special natural events, weather, and the interests of our group.

Our pace is unhurried, giving us time to linger with whales, paint or sketch in a Haida village, beach comb, or walk ancient forests. We experience the entire environment, not just the view from on board. We go ashore often to experience the magic

of various habitats and the special life that inhabits each area.

Expert naturalists with a variety of backgrounds accompany us on every voyage. Veterans of field research projects in the areas we visit, they share their expertise and abundant knowledge on a very understandable and enjoyable level. They have guided us to some of nature's most impressive events.

Maple Leaf is a beautiful 92-foot schooner. She and her crew are Coast Guard approved. She has a long and enviable reputation on the coast. Her accommodations are very comfortable. The spacious main cabin is airy and divided by curtains and walls into four "cabins," providing sleeping accommodations for eight guests. Mahogany and fir line the galley and dining salon and wheelhouse. She has an extensive library.

Frequently Asked Questions

Q. Is this trip suitable for me?

A. Anyone is eligible so long as they are enthusiastic about participating, amenable to the vagaries of weather, agile enough to clamber in and out of shore vessels in an area where there are no docks, and friendly enough to get along in the relatively close quarters of a sailing yacht. We have had people on board as much as 80 years of age. However, our trips are not suitable for people of failing health or physical disabilities.

Q. What is included in the price?

A. Our price includes all meals, activities and guides throughout your voyage in the region you are visiting. Specifically included:

- All meals, snacks and beverages prepared from the freshest ingredients by our superb chef.
- Fine wines featured with the evening meal, and a limited amount of beer included and available throughout the trip. (Liquor is not a large part of our trips, so plan on light consumption).
- The services of our naturalist and professional crew.
- Shore excursions (there are several each day).

- Use of all gear available on board, including raingear, sea boots, kayaks and fishing gear.

Not included in our price:

- Transportation to the trip's point of origin.
- Goods and Service Tax (Canadian trips only)
- Crew gratuities
- Sustainability Fee. As a professional ecotourism company, it is at the core of our operating principles to work with local communities, respecting regulations and contributing to local opportunities. Responsible operations cost a little more. We extract from the fare a percentage of the increased costs that go towards sustainable communities add it to the list price as a 'sustainability fee' of \$100 per trip. Through it we hope our guests share in the pride that a trip with Maple Leaf is a contribution to the sustainability of the whole coast – as well as being the experience of a lifetime!

Q. Can you accommodate my special diet?

A. Yes. If you advise us in the pre-trip questionnaire we can accommodate most special dietary requirements.

Q. Will I be seasick?

A. Sea sickness is rarely a problem as Maple Leaf is a sturdy and sea-kindly ship. We travel short distances in protected waters and go ashore often.

Q. Can I be involved in sailing the ship and performing other duties?

A. Absolutely yes. We encourage our guests to participate in any aspect of the trip that interests them and to whatever level they are comfortable with. We are patient instructors (no yelling) and delight in helping people learn. On the other hand, you are not required to sail or perform duties while on your vacation. The choice is yours.

Q: What makes you an eco-tourism company?

- A:
- Our trips have low impact (virtually no impact) on the planet and on the places we visit.
 - We partner with local people. We have protocol agreements either signed or in process with First Nations in territories we visit.
 - Our naturalists – experts in their fields – and other knowledgeable crew members provide a wealth of knowledge on the areas we visit, as do our First Nations guides.
 - We work within the regulations of parks and conservation areas, pay the applicable fees and obtain permits for all limited-use areas we visit.
 - We dedicate time and resources to preserving the wilderness we travel in.
