

# Whales & Totems

On SV Maple Leaf

Of the Southern Great Bear Rainforest

A Frommer's "Trip of a Lifetime"

*"Some nights I  
bear whales in  
my dreams.*

*Some nights I  
wake ... and find  
it hasn't been a  
dream at all."*

– Alexandra Morton,  
Listening to Whales  
(in the Great Bear  
Rainforest)

This is the "Serengeti of the sea": rich in wildlife, home to a complex whale community, addictive cruising and ancient human cultures. It is the best place on earth to see killer whales and humpback whales. The 200+ islands of the Broughton Archipelago have been frequented for millennia by three communities of killer whales (salmon eaters, mammal eaters and offshore whales). This rich place is also abundant in humpback whales, porpoises, Pacific white-sided dolphins, seals, sea lions and seabirds. It has also been the longtime home of the Kwakwaka'wakw peoples, and a colourful, more recent frontier culture.

## Islands of Natural Bounty

On this expedition cruise, you'll explore the island world, where people live in houses that float on water, where it's possible to listen to whale song as you dine, and where white beaches

turn out to be the shell middens from thousands of years of human habitation.

In the forests grow ancient cedars, and in the shallow water constellations of colourful sea stars and other intertidal life flourish. (We may even catch some of the succulent crabs for dinner.)

As you explore the area aboard Maple Leaf, our expert naturalist will help you learn about all you see, and even identify for you individual whales. Our crew have local knowledge of the area and strong relationships with scientists.

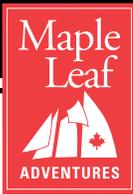

## Killer Whales, Humpback Whales, Dolphins, Bears & More

This is the seasonal home to killer whales known as the Northern Residents. Here, they socialize and fish salmon. You can stand on deck and watch the whales deftly catch fish or sometimes raise their heads out of the water to look at you.

Keenly intelligent, killer whales have a complex, matriarchal society. Pacific white-sided dolphins and Dall's porpoises gather here, often streaking across a channel to play in our wake. Humpback whales are making a spectacular comeback as well, with more arriving each year. These whales feed on the abundant schooling fish and perform a unique foraging behavior known only to occur in this area.

Thousands of seabirds – common murrens, mergansers, harlequin ducks, scoters, cormorants and scores of eagles – abound. Seals and sea lions also share in the bounty of the area. Occasionally we'll see a grizzly or black bear fishing or eating beach crabs.

# Whales & Totems of the Southern Great Bear Rainforest

*"I recall the beautiful and awesome solitude of the area you took us through; the wonder of seeing the whales as well as the myriad other creatures we encountered; the unspoiled wilderness around us; and the peaceful, gentle rocking of the ship as we slept. The entire trip, even a year after the fact, was totally awesome!"*

- Syd Young, Provo, Utah

## Human Cultures

This trip is rich in variety and colourful villages. At Alert Bay, home to one of the most impressive First Nations cultural centers on the coast, you'll learn from local residents the stories of the Kwakwaka'wakw speaking peoples, see their world-renowned art and enter the world of the potlatch with a special guided tour.

At Village Island, explore an ancient village site, where original carved poles and house posts still rest.

At Telegraph Cove, a turn-of-the-century hamlet of wooden homes on a boardwalk, you can see the whale museum. Some trips visit orca researchers on a remote island, some visit a remote floating community.

## Sailing on the Maple Leaf

These multi-day cruises on the Maple Leaf take you out into the whales' world where we are for the most part the only humans for miles. Sailing the Maple Leaf in the company of whales is a double joy of this trip.

## Why travelling by water leads you to the best of the Inside Passage and Haida Gwaii

The coastline of British Columbia and Alaska undulates into bays, twists into island archipelagos, and stretches far down fjords that slice through mountain ranges. This is wild geography and there are few roads here. As a result, wildlife and nature thrive. The few coastal communities have a deep connection to the ocean. To experience it at all, and to reach the richest areas, you must travel by water, as people have done here for millennia. On our small ships, you'll reach special areas closed to big ships, and head down passages and make landings there that big ship passengers can only dream of.

## By Travelling with Maple Leaf, You Support Local, Conservation-Based Enterprises

By travelling with Maple Leaf, you are part of the important, emerging conservation-based economy on the coast. Our careful, thoughtful approach to our trips, to nature, and to all of the people we visit have earned us a reputation as a model for conservation travel. We are a coast-owned and operated business, and 99% of the money from the trips stays within the coastal economy. We dedicate time and resources to conservation of the coast -- our home that we gladly share with you.

# How You'll Travel

## Access to the Best Places on the Inside Passage & Haida Gwaii

Maple Leaf Adventures has been awarded special access permits to protected areas, allowing you entrée to worlds most people will never see. Our relationships can also give access to special cultural sites, and scientists in the field.

## Our Small Scale: Feel the Coast's Hugeness

The proximity you will feel to the coast's mountains, forest and islands is incomparable with any other form of water travel. Sail with an escort of dolphins. Feel the spray from waterfalls beside us. Walk in ancient forests that are cathedrals of green.

## Timed for Peak Wildlife Events, with Plenty of Shore Time

Our trips are timed to coincide with great natural events, ensuring sightings of a fantastic variety of wildlife including bears, whales, dolphins and hundreds of species of birds. There is always lots to do and see. Our shore trips include visits to intertidal areas, beaches, river estuaries, rainforests, and villages. One of the crew is an expert naturalist or fascinating specialist to help you understand the areas we visit.

## Gorgeous Classic Ships with Comfortable Finishings

Our ships are beautiful wooden ships, built here, with long histories on the coast. So even as you walk the deck or step into the wheelhouse, you are having a truly coastal experience, connected to more than a century of history.

## The Excitement of a Real Journey

Travelling with a small group of guests means that your experience, while carefully planned, is also natural and spontaneous. You will not feel like part of a crowd, and your experience is not limited by barriers and procedures used to manage large groups. Every second, you are on a real journey. We treat each guest as an individual. We notice your interests and help you to do everything you came for. Every Maple Leaf crew member is welcoming and generous - with their time, their knowledge, and their thoughtfulness.

## Expert, Local Guides, Crew & Company

Your trips are developed and operated by us -- expert mariners, naturalists, guides and managers who have grown up exploring the coast and who want you to experience the best of the best.

Veterans of local field research, our naturalists share their expertise and abundant knowledge from real experience here. Our relationships on the coast give you access to researchers and local residents to further enrich your trip.

## Natural History Exploration Tools

The ships have excellent natural/cultural history libraries, hydrophones for listening to whales underwater, DVDs, small aquariums, fishing gear, GoPro cameras, kayaks, and top-quality shore boats with clean and quiet engines.

## Cultural History

Coastal First Nations guides we work with and who share their long history and knowledge of the place with us are from the Gitga'at, Haida, Haisla, Heiltsuk, and Kitasoo-Xai'Xais, nations, and Kwakwaka'wakw of northern Vancouver Island, and Coast Salish of the southern Gulf Islands.

## Full But Unhurried Days

Our days are full but our pace is unhurried, giving time to linger with whales, sketch in a Haida village, beachcomb, and walk ancient forests. We go ashore often to experience the entire place, not just the view.

## Typical Activities

- Rainforest walks
- Beachcombing
- Exploring by small boat
- Wildlife viewing
- Coastal village visits
- Cultural site visits and experiences
- Photography

## The Benefits and Approach to Adventure Travel

This is a trip with a true sense of adventure. It's important to realize it's for people with adventurous spirits. The coastal ships are beautiful and comfortable but they are not Las Vegas. If you seek cruise ship amenities, including grand, hotel-room style cabins, this trip may not be for you.

But if you seek to explore in an authentic way, with the camaraderie of expert crew and guides, we look forward to welcoming you aboard.

# The Story of Our Company and People

## Passionate About Sharing Our Home with You

Maple Leaf Adventures and our trips are run by people who grew up on the islands and coast of the inside passage and Haida Gwaii.

Our lives and perspectives have grown from the rainforest, the beach, the curious gaze of harbour seals, and the channels of blue water that are the pathways of the coast. Our professional lives have honed our skills at hospitality, wildlife guiding, storytelling, navigation, operations, and other aspects of running a world-class company.

As we have come together at Maple Leaf Adventures, we have created a different kind of trip for you, where you can truly experience the best of life on

the coast, as a guest of expert locals and naturalists. Enjoy the friendship of great residents, smell the sweet coniferous forest as you step ashore, feel the rhythm of ship and ocean as you steer the Maple Leaf, taste the flavour of huckleberries or freshly caught prawns, and hear a whale's sharp inhalation of breath before it dives.

Our purpose is to give you the best of the coast, while also supporting the conservation of its ecosystems and cultural fabric. Our mission is to show that the best travel delights the mind and senses and can enrich, rather than harm, the places we visit. Care and attention to detail are at the heart of all we do.

## Kevin's Story

Kevin Smith, the president of Maple Leaf Adventures, has explored the coast by boat since before he could ride a bike. As a young backcountry and marine park ranger, Kevin witnessed the incredible power and beauty of nature, often alone on his patrol boat. He wanted to share it with others.

Kevin is a geographer by training, and he knows the best experiences are beyond roads' reach. To truly explore the landscapes, wildlife and culture of the coast, you need to go by water. But not in the traditional manner, with thousands of people on a huge cruise ship. He wanted to share the glory of the coast as he had gotten to know it.

He volunteered for five years on the team that

created British Columbia's ground-breaking land use plan, which preserves large tracts of the Great Bear Rainforest. The process pointed out a needed solution in the area: a conservation-based economy. Kevin realized that his vision of sharing the coast's wonders with others would fit. His business acumen, green ethics, expedition knowledge and love of hosting lead him to a new kind of travel: eco-adventure cruising.

Since 2001, Kevin has built Maple Leaf Adventures into an award-winning company. As the leader, he must spend time in the office. But he (as with all Maple Leaf Adventures staff) stays focussed by donning his GoreTex jacket and operating trips each year. It keeps him in touch with the interesting

guests who join us, and the geography, wildlife and people of the coast. After all, that's the dream that brings us - and you - together.

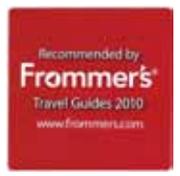

## About Our Company

## Frequently Asked Questions

### Q. Is this trip suitable for me?

A. Anyone is eligible so long as they are enthusiastic about participating, amenable to the vagaries of weather, agile enough to clamber in and out of shore vessels in an area where there are no docks, and friendly enough to get along in the relatively close quarters of a yacht. We have had people on board as much as 80 years of age. However, our trips are not suitable for people of failing health or physical disabilities.

### Q. What is included in the price?

A. Our price includes all meals, activities and guides throughout your voyage in the region you are visiting. Specifically:

- All meals, snacks and beverages prepared from the freshest ingredients by our superb chef.
- Fine wines featured with the evening meal, and a limited amount of beer included and available throughout the trip. (Liquor is not a large part of our trips, so plan on light consumption).
- Services of our naturalist and professional crew.
- Shore excursions.
- Use of gear on board, including raingear, boots, kayaks and fishing gear (*with fishing licence*).

### Not included in our price:

- Transportation to the trip's point of origin.
- Goods and Service Tax (Canadian trips only)
- Crew gratuities
- Sustainability Fee. As a professional ecotourism company, it is at the core of our operating principles to work with local communities, respecting regulations and contributing to local opportunities. Responsible operations cost a little more. We extract from the fare a

percentage of the increased costs that go towards sustainable communities add it to the list price as a 'sustainability fee' of \$100 per trip. Through it we hope our guests share in the pride that a trip with Maple Leaf is a contribution to the sustainability of the whole coast – as well as being a great experience.

### Q. Can you accommodate my special diet?

A. Yes. If you advise us in the pre-trip forms we can accommodate most dietary requirements.

### Q. Will I be seasick?

A. Sea sickness on our North America trips is rarely a problem as your trip is on a sturdy and sea-kindly ship. We travel short distances in protected waters and go ashore often.

### Q. Can I be involved in sailing the ship and performing other duties?

A. In North America, absolutely. We encourage our guests to participate in any aspect of the trip that interests them and to a level they are comfortable with. We are patient instructors (no yelling) and delight in helping people learn. On the other hand, you are not required to sail or perform duties while on your vacation. The choice is yours.

### Q: What makes you an eco-tourism company?

- A:
- Our trips have low impact (virtually no impact) on the planet and on the places we visit
  - We partner with local people. We have protocol agreements either signed or in process with First Nations in territories we visit.
  - Our naturalists – experts in their fields – and other knowledgeable crew members provide a wealth of knowledge on the areas we visit, as do our First Nations guides.

- We work within the regulations of parks and conservation areas, pay the applicable fees and obtain permits for all limited-use areas we visit.
- We dedicate time and resources to preserving the wilderness we travel in.

### Q. I've never been on a boat before – is that OK?

A: Yes, absolutely. You will be travelling on a large, strong boat run by an expert crew. You are aboard as our guest and we will look after you very well. You don't have to do anything other than enjoy yourself.

### Q. Will I go ashore?

A. Yes – usually a few times a day. Each shore trip is usually between 1 and 3 hours in length.

### Q. Do you have kayaks?

A. Yes, and you are welcome to go for paddles in the spectacular bays we anchor in.

### Q. How long have you been operating?

A. Since 1986.

### Q. How many people are typically on a trip?

A: In North America, max ten guests. We have a crew of 4 or 5 including chef and naturalist.

### Q. Is there a single supplement?

A. On the Maple Leaf, there is no single supplement. If the trip fills, you will share with another single person of your own sex. On the Swell there is a 50% single supplement.

### Q. What are the other guests like?

A. Our guests are people like you, who are interested in high quality experiences and in learning about the natural world, classic ships or culture. They are thoughtful, fun people and a joy to travel with. A large percentage of them return for additional trips.

# How to Get to Your Trip

## Airport Access

Our BC and Alaska trips originate from ports along the coast that are serviced by regularly scheduled flights. All of these flights except one originate from Vancouver International Airport, in Vancouver, BC. If you are flying from outside the area, and you are wondering where you need to get to in order to connect to your trip, then Vancouver International Airport is the answer.

Note that if your Alaska trip either starts at or ends at a port in Alaska (e.g., Petersburg), then any air travel to or from Alaska goes via Seattle-Tacoma airport, in Washington State, USA. You can connect to Seattle via a short flight to or from Vancouver, BC.

The map above shows the general flight routes.

We provide all of this information plus more detail and guidance in the Welcome Aboard package that you will receive upon booking your place with Maple Leaf. We are also happy to help any time!

## Ferries

Ferries transport passengers between Vancouver and Victoria, Vancouver and Nanaimo, Port Hardy and Prince Rupert, Prince Rupert and Haida Gwaii, Seattle and Victoria, and Alaskan ports and Prince Rupert. Travelling by ferry requires careful planning and sometimes a car.
