A hundred and fifty islands at the edge of North America.

Rainforests draped with moss. Whales rising from the ocean.

Beautiful monumental artwork at the sea’s edge, in Haida villages.

Welcome to Haida Gwaii.

Islands at the Edge of Canada

Jutting to the sky from the continental shelf off Canada’s west coast, the archipelago of Haida Gwaii is a nature and culture lover’s dream. As one of the planet’s most biologically productive areas, the more than 150 islands teem with life in the ancient rainforest and the marine world. Haida Gwaii has also supported the powerful and artistic Haida culture for more than 14,000 years.

The Full Length of Haida Gwaii

Our trip, with engaging experts and local guides, aboard a gorgeous, restored heritage ship, immerses you in the power and beauty of Haida Gwaii -- from north to south, ancient to modern, from the small wonders of intertidal life to giant presence of baleen whales and thousand-year-old trees. This itinerary is designed to give you the best experience of Gwaii Haanas, which takes at least a week to fully explore.

Cruise the “Canadian Galapagos”

Upwelling of nutrients supports an amazing concentration of marine and bird life. You’ll see humpback whales feeding beside you, splashing the water with 15-foot-long fins. Dolphins, sea lions, seals and fish are in abundance here, too.

The islands’ isolation from the mainland has created species that differ from their mainland counterparts. For example, the bears on Haida Gwaii, which you may see turning over beach rocks to find crabs, are the world’s largest black bears.

This is where Bristol Foster developed Foster’s Rule, a key element of island biogeography, which predicts how species will evolve in new environments.

Ancient Culture, Villages, Monumental Art, and UNESCO World Heritage Site

On your trip, you’ll encounter the world of the Haida, one of the most powerful pre-contact cultures on the coast of North America.

You’ll visit modern Masset and Skidegate, and you’ll travel deep into Gwaii Haanas -- “Place of Wonder” -- a protected region of 138 islands. Here, the Haida sited what are now some of the greatest First Nations villages to view in North America, including the UNESCO World Heritage Site SGang Gwaay (Ninstints).

Travelling and going ashore by small boat, as the Haida themselves have done for millennia, you’ll walk among ancient monumental poles and house remains. Our Haida guides will explain the purpose of the poles and the life of the people who had them carved. The overall sense of power found in these villages is unforgettable.

Peak Wildlife (& Sun!) Time: May/June

In early summer, you’ll be in Haida Gwaii at the right time of year to see groups of the 1.5 million seabirds that nest here, as well as very active whales. You’ll also benefit from the peace of the early season. This season also boasts the most sunshine hours in the year.
Explore Rainforest, Wild Beaches, Wildlife with Naturalists

You'll enjoy learning about the variety of ecosystems from our on-board naturalist. Walk through forests of enormous trees, some centuries-old and thickly draped with mosses and lichens. Explore secluded beaches looking for shells. View sea lions, birds, whales, bears and other life from on deck or in a zodiac, learning from our crew about the lives of these animals. On the first trip in May, you may be the first person to walk a beach that year!

A Rare Opportunity with Local, Experienced Guides

Travelling here is a rare experience. Although the area is rated North America's top national park by National Geographic, few have permits to travel here.

Maple Leaf has been operating here since the 1980s and co-authored the respected Code of Conduct for the Gwaii Haanas Tour Operators Association.

We know the area intimately and travel with the permission and respect of the Haida and Parks Canada. Our small group, love of the place, and expedition ship means you gain access to special places most cannot reach, you have plenty of contemplative time in Haida villages, we can customize the trip for you, and we can be flexible to enjoy amazing and unexpected encounters.

Note that our local area expertise and small group size gives us the flexibility to vary an itinerary based on the interests of you, our guests, and the actions of weather and wildlife. This sample itinerary is meant to give you an idea of the typical trip.

About the Ship

The Ship, _SV Maple Leaf_

_The Ship,_ SV Maple Leaf, is a beautiful 92-foot schooner.

**The Coast’s Beloved, Historic Tall Ship**

Built of coastal Douglas fir, high elevation yellow cedar and mahogany, she is a tough expedition vessel and a work of artistry.

**Transport Canada Certified**

Maple Leaf is certified by Transport Canada as a passenger carrying vessel. This stringent, world-class designation is the highest standard of certification for vessels in Canada (higher than most charter boats, sail training vessels, and fishing vessels, for example).

**Comfort and Beauty**

Maple Leaf’s accommodations are very comfortable. Mahogany and fir line the galley, dining salon and wheelhouse. The spacious main cabin is airy and divided by half-walls and heavy curtains into four “cabins,” providing sleeping accommodations for eight guests. There are three heads (washrooms) aboard, all with hot running water and shower conversions.

**Unparallelled Access to Special Places**

Maple Leaf has an extensive library and three decks. Her sea-kindly attributes, long range, sails and size allow you to access extraordinary wilderness areas of the coast most people will never reach.

She is outfitted for engaging with the natural world: rigid hull inflatable boats for accessing wildlife colonies and remote beaches, kayaks, a hydrophone for listening to whales, small temporary tanks for exploring intertidal life, GoPro underwater cameras, presentation screen & more.

Why travelling by water leads you to the best of the Inside Passage and Haida Gwaii

The coastline of British Columbia and Alaska undulates into bays, twists into island archipelagos, and stretches far down fjords that slice through mountain ranges. This is wild geography and there are few roads here. As a result, wildlife and nature thrive. The few coastal communities have a deep connection to the ocean. To experience it at all, and to reach the richest areas, you must travel by water, as people have done here for millennia. On our small ships, you’ll reach special areas closed to big ships, and head down passages and make landings there that big ship passengers can only dream of.

By Travelling with Maple Leaf, You Support Local, Conservation-Based Enterprises

By travelling with Maple Leaf, you are part of the important, emerging conservation-based economy on the coast. Our careful, thoughtful approach to our trips, to nature, and to all of the people we visit have earned us a reputation as a model for conservation travel. We are a coast-owned and operated business, and 99% of the money from the trips stays within the coastal economy. We dedicate time and resources to conservation of the coast -- our home that we gladly share with you.
Access to the Best Places on the Inside Passage & Haida Gwaii
Maple Leaf Adventures has been awarded special access permits to protected areas, allowing you entrée to worlds most people will never see. Our relationships can also give access to special cultural sites, and scientists in the field.

Our Small Scale: Feel the Coast’s Hugeness
The proximity you will feel to the coast’s mountains, forest and islands is incomparable with any other form of water travel. Sail with an escort of dolphins. Feel the spray from waterfalls beside us. Walk in ancient forests that are cathedrals of green.

Timed for Peak Wildlife Events, with Plenty of Shore Time
Our trips are timed to coincide with great natural events, ensuring sightings of a fantastic variety of wildlife including bears, whales, dolphins and hundreds of species of birds. There is always lots to do and see. Our shore trips include visits to intertidal areas, beaches, river estuaries, rainforests, and villages. One of the crew is an expert naturalist or fascinating specialist to help you understand the areas we visit.

Gorgeous Classic Ships with Comfortable Finishings
Our ships are beautiful wooden ships, built here, with long histories on the coast. So even as you walk the deck or step into the wheelhouse, you are having a truly coastal experience, connected to more than a century of history.

The Excitement of a Real Journey
Travelling with a small group of guests means that your experience, while carefully planned, is also natural and spontaneous. You will not feel like part of a crowd, and your experience is not limited by barriers and procedures used to manage large groups. Every second, you are on a real journey. We treat each guest as an individual. We notice your interests and help you to do everything you came for. Every Maple Leaf crew member is welcoming and generous - with their time, their knowledge, and their thoughtfulness.

Expert, Local Guides, Crew & Company
Your trips are developed and operated by us -- expert mariners, naturalists, guides and managers who have grown up exploring the coast and who want you to experience the best of the best.

Veterans of local field research, our naturalists share their expertise and abundant knowledge from real experience here. Our relationships on the coast give you access to researchers and local residents to further enrich your trip.

Natural History Exploration Tools
The ships have excellent natural/cultural history libraries, hydrophones for listening to whales underwater, DVDs, small aquariums, fishing gear, GoPro cameras, kayaks, and top-quality shore boats with clean and quiet engines.

Cultural History
Coastal First Nations guides we work with and who share their long history and knowledge of the place with us are from the Gitga’at, Haida, Haísla, Hélt’súk, and Kitasoo-Xai’Xais, nations, and Kwakwaka’wakw of northern Vancouver Island, and Coast Salish of the southern Gulf Islands.

Full But Unhurried Days
Our days are full but our pace is unhurried, giving time to linger with whales, sketch in a Haida village, beachcomb, and walk ancient forests. We go ashore often to experience the entire place, not just the view.

Typical Activities
• Rainforest walks
• Beachcombing
• Exploring by small boat
• Wildlife viewing
• Coastal village visits
• Cultural site visits and experiences
• Photography

The Benefits and Approach to Adventure Travel
This is a trip with a true sense of adventure. It’s important to realize it’s for people with adventurous spirits. The coastal ships are beautiful and comfortable but they are not Las Vegas. If you seek cruise ship amenities, including grand, hotel-room style cabins, this trip may not be for you.

But if you seek to explore in an authentic way, with the camaraderie of expert crew and guides, we look forward to welcoming you aboard.
Passionate About Sharing Our Home with You

Maple Leaf Adventures and our trips are run by people who grew up on the islands and coast of the inside passage and Haida Gwaii. Our lives and perspectives have grown from the rainforest, the beach, the curious gaze of harbour seals, and the channels of blue water that are the pathways of the coast. Our professional lives have honed our skills at hospitality, wildlife guiding, storytelling, navigation, operations, and other aspects of running a world-class company.

As we have come together at Maple Leaf Adventures, we have created a different kind of trip for you, where you can truly experience the best of life on the coast, as a guest of expert locals and naturalists. Enjoy the friendship of great residents, smell the sweet coniferous forest as you step ashore, feel the rhythm of ship and ocean as you steer under crew’s guidance, taste the flavour of huckleberries or freshly caught prawns, and hear a whale’s sharp inhalation of breath before it dives.

Our purpose is to give you the best of the coast, while also supporting the conservation of its ecosystems and cultural fabric. Our mission is to show that the best travel delights the mind and senses and can enrich, rather than harm, the places we visit. Care and attention to detail are at the heart of all we do.

Kevin’s Story

Kevin Smith, the president of Maple Leaf Adventures, has explored the coast by boat since before he could ride a bike. As a young backcountry and marine park ranger, Kevin witnessed the incredible power and beauty of nature, often alone on his patrol boat. He wanted to share it with others.

Kevin is a geographer by training, and he knows the best experiences are beyond roads’ reach. To truly explore the landscapes, wildlife and culture of the coast, you need to go by water. But not in the traditional manner, with thousands of people on a huge cruise ship. He wanted to share the glory of the coast as he had gotten to know it.

He volunteered for five years on the team that created British Columbia’s ground-breaking land use plan, which preserves large tracts of the Great Bear Rainforest. The process pointed out a needed solution in the area: a conservation-based economy. Kevin realized that his vision of sharing the coast’s wonders with others would fit. His business acumen, green ethics, expedition knowledge and love of hosting lead him to a new kind of travel: eco-adventure cruising.

Since 2001, Kevin has built Maple Leaf Adventures into an award-winning company. As the leader, he must spend time in the office. But he (as with all Maple Leaf Adventures staff) stays focussed by donning his GoreTex jacket and operating trips each year. It keeps him in touch with the interesting guests who join us, and the geography, wildlife and people of the coast. After all, that’s the dream that brings us - and you - together.

About Our Company

Maple Leaf Adventures has been operating trips focused on the natural history of B.C.’s west coast and Alaska, and the culture of the First Nations peoples of the areas, since 1986. We have a reputation for quality, professionalism and sensitivity to natural and cultural landscapes.

We are the west-coast expedition cruise partner of the Royal Canadian Geographical Society. Our company has been recognized by the Canadian government as a leader in eco-tourism and our trips have been featured internationally in such travel guides as Frommer’s and National Geographic Traveler and on the Oprah Winfrey television show.

We dedicate time and resources to coastal conservation, caring for the coast that gives us our livelihood.
Frequently Asked Questions

Q. Is this trip suitable for me?
A. Anyone is eligible so long as they are enthusiastic about participating, amenable to the vagaries of weather, agile enough to clamber in and out of shore vessels in an area where there are no docks, and friendly enough to get along in the relatively close quarters of a yacht. We have had people on board as much as 80 years of age. However, our trips are not suitable for people of failing health or physical disabilities.

Q. What is included in the price?
A. Our price includes all meals, activities and guides throughout your voyage in the region you are visiting. Specifically:

- All meals, snacks and beverages prepared from the freshest ingredients by our superb chef.
- Fine wines featured with the evening meal, and a limited amount of beer included and available throughout the trip. (Liquor is not a large part of our trips, so plan on light consumption).
- Services of our naturalist and professional crew.
- Shore excursions.
- Use of gear on board, including raingear, boots, kayaks and fishing gear (with fishing licence).

Not included in our price:
- Transportation to the trip’s point of origin.
- Goods and Service Tax (Canadian trips only)
- Crew gratuities
- Sustainability Fee. As a professional ecotourism company, it is at the core of our operating principles to work with local communities, respecting regulations and contributing to local opportunities. Responsible operations cost a little more. We extract from the fare a percentage of the increased costs that go towards sustainable communities add it to the list price as a ‘sustainability fee’ of $100 per trip. Through it we hope our guests share in the pride that a trip with Maple Leaf is a contribution to the sustainability of the whole coast – as well as being a great experience.

Q. Can you accommodate my special diet?
A. Yes. If you advise us in the pre-trip forms we can accommodate most dietary requirements.

Q. Will I be seasick?
A. Sea sickness on our North America trips is rarely a problem as your trip is on a sturdy and sea-kindly ship. We travel short distances in protected waters and go ashore often.

Q. Can I be involved in sailing the ship and performing other duties?
A. In North America, absolutely. We encourage our guests to participate in any aspect of the trip that interests them and to a level they are comfortable with. We are patient instructors (no yelling) and delight in helping people learn. On the other hand, you are not required to sail or perform duties while on your vacation. The choice is yours.

Q. What makes you an eco-tourism company?
A. Our trips have low impact (virtually no impact) on the planet and on the places we visit. We partner with local people. We have protocol agreements either signed or in process with First Nations in territories we visit. Our naturalists – experts in their fields – and other knowledgeable crew members provide a wealth of knowledge on the areas we visit, as do our First Nations guides.
- We work within the regulations of parks and conservation areas, pay the applicable fees and obtain permits for all limited-use areas we visit.
- We dedicate time and resources to preserving the wilderness we travel in.

Q. I've never been on a boat before – is that OK?
A. Yes, absolutely. You will be travelling on a large, strong boat run by an expert crew. You are aboard as our guest and we will look after you very well. You don’t have to do anything other than enjoy yourself.

Q. Will I go ashore?
A. Yes – usually a few times a day. Each shore trip is usually between 1 and 3 hours in length.

Q. Do you have kayaks?
A. Yes, and you are welcome to go for paddles in the spectacular bays we anchor in.

Q. How long have you been operating?
A. Since 1986.

Q. How many people are typically on a trip?
A. In North America, max ten guests. We have a crew of 4 or 5 including chef and naturalist.

Q. Is there a single supplement?
A. On the Maple Leaf, there is no single supplement. If the trip fills, you will share with another single person of your own sex. On the Swell there is a 50% single supplement.

Q. What are the other guests like?
A. Our guests are people like you, who are interested in high quality experiences and in learning about the natural world, classic ships or culture. They are thoughtful, fun people and a joy to travel with. A large percentage of them return for additional trips.
How to Get to Your Trip

Airport Access
Our BC and Alaska trips originate from ports along the coast that are serviced by regularly scheduled flights. All of these flights except one originate from Vancouver International Airport, in Vancouver, BC. If you are flying from outside the area, and you are wondering where you need to get to in order to connect to your trip, then Vancouver International Airport is the answer.

Note that if your Alaska trip either starts at or ends at a port in Alaska (e.g., Petersburg), then any air travel to or from Alaska goes via Seattle-Tacoma airport, in Washington State, USA. You can connect to Seattle via a short flight to or from Vancouver, BC.

The map above shows the general flight routes.

We provide all of this information plus more detail and guidance in the Welcome Aboard package that you will receive upon booking your place with Maple Leaf. We are also happy to help any time!

Ferries
Ferries transport passengers between Vancouver and Victoria, Vancouver and Nanaimo, Port Hardy and Prince Rupert, Prince Rupert and Haida Gwaii, Seattle and Victoria, and Alaskan ports and Prince Rupert. Travelling by ferry requires careful planning and sometimes a car.

Driving
If you wish to drive to and/or from your trip, you may be able to. It’s best to email or phone us or your travel agent for further information.

Balance: The balance is due 120 days prior to departure.

Cancellations: If you are unable to participate and cancellation occurs at least 120 days prior to the departure date of your trip, the full amount of your deposit is refundable, minus a $200 admin fee per person to cover costs we cannot recover. If cancellation occurs less than 120 days prior to the departure date of your trip, the fare is non-refundable.

Group Bookings
For large group bookings, such as a family charter of the entire ship, the booking and cancellation policy may be different - please contact us for information.

Cancellation Insurance
We highly recommend cancellation insurance, which protects you if you have to make a late cancellation in certain cases (such as a medical emergency). There are several kinds available for different cancellation reasons. Cancellation and any needed medical insurance can be purchased through a travel agent. This should be done at the time your booking is nonrefundable.

Pre-Trip Information Package
