

# About the SV Achiever

## The Ship

*Achiever* is a 70-foot, steel-hulled sloop that is certified as a passenger carrying vessel by Transport Canada.

She is operated by an expert, Transport Canada certified crew, who are also genial hosts. She contains all the latest navigation and safety equipment.

*Achiever's* accommodations are very comfortable. As she is a sailing ship, not a floating hotel, the accommodations are in scale with her size. She has two small private cabins for couples,

and four private bunks for singles. There are two shared heads, one with a hot shower.

*Achiever* is also used for cutting-edge scientific research and documentary filming on the coast. Our crew and naturalist are some of the most expert guides on the coast.

*Achiever's* galley / lounge is bright and warm - a great place to enjoy a cup of tea while cruising or for reflecting on the day's experiences over one of our chef's superb meals and a glass of wine. Her ample deck space and shore boats provide an excellent platform for wildlife viewing.
