
EXPEDITION CRUISES BY BOUTIQUE SHIP

BRITISH COLUMBIA, CANADA, AND ALASKA
INTRODUCTION

Why Our Ships Give You the Best of the Inside Passage and Haida Gwaii

The coastline of British Columbia and Alaska undulates into bays, twists into archipelagos, and stretches down fjords that slice through mountain ranges.

This is wild geography. There are few roads. As a result, wildlife and nature thrive. The few coastal communities have a deep connection to the ocean.

To reach the richest areas, you must travel by water, as people have done for millennia.

Our tiny ships access a world closed to bigger ships. Our permits and First Nations protocol agreements, combined with our crew’s local knowledge, give you exclusive reach to special areas, wildlife and people.

Personalized and Enriching

With just 8, 12 or 24 guests per trip, you travel as our welcome guest, not part of a crowd to be managed. The proximity you will feel to the coast’s mountains, forests and life is incomparable with any other form of cruising. Every moment is part of a real journey.

Enjoy the friendship of residents. Smell the sweet coniferous forest as you step ashore. Feel the rhythm of ship and ocean as you steer under crew’s guidance, taste the flavour of huckleberries or freshly caught prawns, and hear a whale’s sharp inhalation of breath before it dives.

Our purpose is to delight and inspire you, while also benefiting our ecosystems and social fabric. Care and attention to detail are at the heart of all we do.

Local Guides

Everyone is a local - from naturalist to chef - with insights to share. Often they are involved in ongoing coastal research, community building, and the care of our unique ships. All are handpicked for their mastery and expertise. They are happy to share their knowledge with you – expert mariners’ intimate understanding of coastal bathymetry and weather; chefs’ knowledge of how to make delicacies from nettles; naturalists’ understanding of bears’ body language; visits with local researchers who understand the latest patterns and behaviors of humpback whales.

Eco-Tourism is Regenerative

Our approach is to enhance, rather than take from, our home, to give you an exceptional experience that also leaves a legacy. Ever since our inception 30 years ago, we have celebrated, partnered with and funded nature conservation and cultural communities, including indigenous communities and guides, where we operate.

Spontaneous Adventures

Our itineraries are flexible to give you the best experience possible; they are true open itineraries in the spirit of exploration and discovery. If you seek to explore in an authentic way, with the camaraderie of expert crew and guides, we look forward to welcoming you aboard.

Is Adventure Travel for You?

This is a trip for people with adventurous spirits. Our ships are beautiful and comfortable but if you seek urban or cruise ship amenities, including shows, shopping and 24-hour-a-day alcohol, this trip may not be for you.
A Letter from Kevin & Maureen:
Our Coastal Community

Dear Friends,

We are pleased to introduce you to the wonder and soul of the spectacular coastline we consider ourselves fortunate to spend our lives on.

We know that your holiday time is precious and we are grateful you have chosen to spend it here. Although in geological time, Maple Leaf Adventures’ 35 years of history is a blip, in our time, it has enabled us to build deep, meaningful connections with places and people all along the coast’s stunning breadth.

We sometimes say that the coast is like a small town – a 1,000 kilometre-long small town. Whether we’re in Sitka or Bella Bella or Ganges, we share a marine-based culture. We’re connected even when we can’t see one another – by the usual methods, by our travels and visits ashore, and also by the marine radio that’s a lifeblood of the coast.

And we’re connected by our pride in doing great work to keep our coastal economies, nature and communities alive and healthy.

All of us – from our crew who maintain and operate our three coastal ships, the guides who steer you to that special wildlife spot, the elders who share their time, the conservation scientists who receive our support, to the folks in the office making arrangements – welcome you to the Maple Leaf Adventures family and, by extension, to our coastal community.

Thank you.

Kevin Smith and Maureen Gordon
Co-Owners

Welcome aboard. Join us to explore the thousands of islands that make up the Inside Passage and Haida Gwaii.
“We were warmly welcomed by Haida people who introduced us to their culture and traditions, and led us on tours of their historic sites. We also had great fun kayaking, fishing for rock bass and harvesting sea asparagus. Life on the Cascadia was pure luxury in terms of comfort, gourmet dining and amazing service.”

“Our trip was truly amazing and better than we could have imagined. Southeast Alaska is one of the most beautiful and peaceful places we’ve been. Our crew was exceptional. It would not have been such a great trip without their expertise in everything. They were professional, knowledgeable, talented, extremely gracious, and fun hosts!”

- Maggie T. 2017

The ultimate Alaska itinerary.

Southeast Alaska breathes majesty: fjords, islands, rivers, and tidewater glaciers. Its rich, cold waters support abundant wildlife, from humpback whales to sea otters, sea lions, and millions of seabirds. The land supports towering rainforests and lush estuaries where brown bears, black bears and bald eagles feed. The towns evoke Alaskan history – from Tlingit to American. On board a Maple Leaf boutique expedition cruise, your exploration of this overpowering wilderness differs significantly from the typical cruise ship experience.

You will be part of a very small group of guests who wish to experience Alaska by living and breathing its grandeur day after day, not by steaming past it at twenty knots.

Special Features

- Intimate and up-close experience of Alaska’s ice world, with at least one day-long journey down a fjord to a calving glacier, plus zodiac ride or kayaking with naturalists among the ice bergs and local wildlife.
- Special, hard-to-get access to the best brown bear viewing site in southeast Alaska, Pack Creek, with our expert bear guides.
- Guided visits to historic Alaskan communities like Petersburg, Ketchikan and Sitka, as well as the hamlet of Baranof (possible hot springs).
- Flexible daily itinerary to make the most of ad-hoc opportunities.
- Close encounters with whales and other marine mammals to observe and listen to their natural behavior in a respectful manner.
- Rainforest walks, beach visits, and a sense of what it’s like to live in the nature of southeast Alaska.

“Our trip was truly amazing and better than we could have imagined. Southeast Alaska is one of the most beautiful and peaceful places we’ve been. Our crew was exceptional. It would not have been such a great trip without their expertise in everything. They were professional, knowledgeable, talented, extremely gracious, and fun hosts!”

- Maggie T. 2017

The ultimate Alaska itinerary.

Southeast Alaska breathes majesty: fjords, islands, rivers, and tidewater glaciers. Its rich, cold waters support abundant wildlife, from humpback whales to sea otters, sea lions, and millions of seabirds. The land supports towering rainforests and lush estuaries where brown bears, black bears and bald eagles feed. The towns evoke Alaskan history – from Tlingit to American. On board a Maple Leaf boutique expedition cruise, your exploration of this overpowering wilderness differs significantly from the typical cruise ship experience.

You will be part of a very small group of guests who wish to experience Alaska by living and breathing its grandeur day after day, not by steaming past it at twenty knots.

Special Features

- Intimate and up-close experience of Alaska’s ice world, with at least one day-long journey down a fjord to a calving glacier, plus zodiac ride or kayaking with naturalists among the ice bergs and local wildlife.
- Special, hard-to-get access to the best brown bear viewing site in southeast Alaska, Pack Creek, with our expert bear guides.
- Guided visits to historic Alaskan communities like Petersburg, Ketchikan and Sitka, as well as the hamlet of Baranof (possible hot springs).
- Flexible daily itinerary to make the most of ad-hoc opportunities.
- Close encounters with whales and other marine mammals to observe and listen to their natural behavior in a respectful manner.
- Rainforest walks, beach visits, and a sense of what it’s like to live in the nature of southeast Alaska.

Mediterranean islands and nature’s bounty in the Salish Sea

Some people who visit the Gulf Islands think they’ve stumbled into paradise. This group of hundreds of semi-Mediterranean islands in a protected sea has drawn people for millennia, with its green and gold slopes, blue ocean and ring of snow-capped peaks.

With 200+ islands and islets, some with “dry rainforests”, some with white shell beaches, some with colonies of animals, the options for exploring are many.

The Gulf Islands offer a combination of unique wilderness, eclectic communities, and deep human (First Nations) history. While you’ll visit some of the larger, well-known islands, you’ll also be guided to little-known havens to which most people will never have access. (Ever heard of Cabbage Island? How about Mandarte, Prevost and Wallace?)

Special Features

• Island hopping in the calm Salish Sea, including off-the-beaten-track, natural islands and islets.
• Beachcombing on a variety of beaches – white shell, sand, rocky.
• Walks in forests, meadows and historic farmsteads. Flexible daily itinerary to make the most of ad-hoc opportunities.
• Wildlife viewing (seabirds, sea lions, seals, possible porpoises and whales).
• Historic site visits, from First Nations to Kanaka settlements, to modern outposts.
• Cruising the scenic ‘back ways’ through the islands.

“We loved our time aboard the beautiful boat and had amazing shore adventures every day; tide pooling, hiking, caving and exploring. The crew were outstanding and went out of their way to make our trip special. We created travel memories that will last a lifetime right here at home in our own beautiful country.”

Although our guests visit for the nature and culture, they say overwhelmingly that it was the crew that made their trips so special. Skilled and welcoming, each person is dedicated to sharing their knowledge to make a memorable trip for you.

You’ll also meet other locals onshore — community leaders or elders, researchers, and other local guides.

Maple Leaf Adventures has been involved in important land-use, conservation and sustainable industry development on the coast for over 30 years. Our connections to what is happening on the ground and in government, as well as what is being discovered, run deep, bringing you access to special people and places.

About Maple Leaf
Maple Leaf is one of Canada’s most historic vessels and our flagship. Built in Vancouver in 1904 as a luxury racing yacht, she has a long history as both an elegant and tough ship, and is well-loved along the coast.

Maple Leaf is not only a beautiful work of art, she is a comfortable vessel at sea. She can take you to the coast’s wildest, remotest corners more comfortably and safely than most other vessels. Her sails and 40,000-pound keel keep her steady.

Epitomizing the spirit of adventure, Maple Leaf’s trips typically have the strongest camaraderie between guests and crew, sometimes referred to as summer camp for sophisticated adults.

About Swell

Swell is an authentic, coastal tugboat. Her small size and handsome character prove that great things come in a small package.

Her salon is both reading room and lodge dining room for meals. Her cabins are beautifully and lovingly decorated, but they are not hotel rooms. They are authentic, small boat cabins. This means the beds are non-standard sizes but are comfortable. There are door sills to step over to enter each cabin. So step aboard without thinking of cabins as hotel rooms, but rather as cozy cabins on a real heritage ship.

Can I help sail?
Aboard our sailing ship you are welcome to lend a hand when we sail, but it is optional.

Will I be seasick?
Sea sickness on our trips is rarely a problem as your trip is on a sturdy and sea-kindly ship. We travel short distances in protected waters and go ashore often.

I’ve never been on a boat – is that OK?
Yes. You are aboard as our guest and we will look after you very well.

Single supplement
On the Maple Leaf, there is no single supplement. If the trip fills, you will share with another single person of your own sex. On Swell and Cascadia there is a 50% single supplement for a cabin (category 1 or 2 only). Ask us about sharing on Cascadia.

Our guests are people like you, who are interested in high quality experiences and in learning about the natural world and/or culture and enjoy the path less travelled.

Eligibility
Anyone is eligible so long as they are enthusiastic about participating; amenable to the vagaries of weather; agile enough to clamber in and out of shore vessels in an area where there are no docks, walk along an uneven shoreline, step over a raised door sill, and climb a short steep staircase; and friendly enough to get along in the relatively close quarters of a yacht. We have had people on board as much as 80+ years of age. However, our trips are not suitable for people of failing health or physical disabilities.

Dietary accommodation?
Yes. If you advise us in the pre-trip forms we can accommodate most dietary requirements.

Shore time – will I get ashore?
Yes—usually a few times a day. Each shore trip is usually between 1 and 3 hours in length.

Kayaks
You are welcome to paddle in the bays we anchor in.

Operating history
We have been operating since 1986.

Your Trip Supports Our Conservation-Based Economy
By travelling with Maple Leaf, you are part of the important, emerging, conservation-based economy on the coast. We are a coast-owned and operated business, and 99% of the money from the trips stays within the coastal economy; providing meaningful and inspiring work that helps rather than hinders the coast.

Our ecotourism values inform all decisions we make. In addition, here are a few highlights from recent conservation action and support from our trips, crew and leadership.

» Marine debris removal: In fall 2020 and spring 2021, Maple Leaf Adventures worked with our colleagues, our partners in several Indigenous nations, and the BC government to create and execute the largest-ever clean-up of marine debris on the BC coast, in the Great Bear Rainforest.

» Bear research: Maple Leaf Adventures made a long-term commitment to fund part of a bear research and community stewardship program, operated by Raincoast and several Indigenous nations, in the Great Bear Rainforest. In coming years, stewards from this program will meet with our guests on trips.

» Citizen science: Maple Leaf Adventures is expanding our ad-hoc citizen science program to develop a way for all guests in future to participate in providing valuable observations or research to scientists and government planners. Stay tuned for more.

» 1% For The Planet: 1% of revenues for the trips is donated to conservation on the entire coast, vetted by the 1% For The Planet audit team each year.

**Staying Beforehand or Afterward**
Our Welcome Aboard packages lists some places you may wish to stay at before or after your trip.

**Travel Agent**
If you would like the assistance of a travel agent, we are happy to provide contact information for one who has worked with our guests.

**Booking and Cancellation Policy**
To avoid disappointment, your reservation should be made early. The number of participants in each program is limited, and the demand is high. Trips can sell out early.

**Deposit:** A deposit of one third of the price of the trip will reserve your space for any trip.

**Balance:** The balance is due 120 days prior to departure.

**Payment methods:** We accept Visa, Master Card, Discover, cheque, money order or bank transfer.

**Cancellations:** If you are unable to participate and cancellation occurs at least 120 days prior to the departure date of your trip, the full amount of your deposit is refundable, minus a $300 admin fee per person to cover costs we cannot recover. If cancellation occurs less than 120 days prior to the departure date of your trip, the fare is non-refundable. We highly recommend cancellation insurance. See next page for details.

**Group Bookings:** For large group bookings, such as a family charter of the entire ship, the booking and cancellation policy may be different - please contact us for information.

**Airport Access**
Our BC and Alaska trips originate from ports along the coast that are serviced by regularly scheduled flights. In BC, all of these flights originate from Vancouver International Airport, in Vancouver, BC. If you are flying from outside the area, and you are wondering where you need to get to in order to connect to your trip, then Vancouver International Airport is the answer.

For Alaska, any air travel to or from Alaska goes via Seattle-Tacoma airport, in Washington State, USA. You may like to consult our website (“How to Get to Here”) for a map showing these flights and ports.

We provide all of this information plus more detail and guidance in the Welcome Aboard package that you will receive upon booking your place with Maple Leaf. We are also happy to help any time!

**Ferries**
Ferries transport passengers between Vancouver and Victoria, Vancouver and Nanaimo, Port Hardy and Prince Rupert, Prince Rupert and Haida Gwaii, Seattle and Victoria, and Alaskan ports and Prince Rupert.

Travelling by ferry requires careful planning and some times a car.

**Our All-Inclusive Package**
- All accommodation and warm hospitality on our boutique ships, and local lodges if your trip includes a lodge stay.
- All shore trips, wildlife viewing, and zodiac excursions guided by our expert, knowledgeable crew, naturalist and guides.

**Additional fees not included in the price:**
- Transportation to the trip's point of origin (unless booking with select special offers)
- Goods and Service Tax (Canadian trips only, 5%)
- Crew gratuities
- Sustainability Fee of $20. As an ecotourism company, we work with local communities, do things the right way, and protect the environment. Responsible operations cost a little more. We extract from the fare a token amount of the increased costs that go towards sustainability to recognize this.
- For solo travellers booking a whole cabin on Swell or Cascadia, a 50% single supplement. (There is no single supplement on Maple Leaf.)

**Cancellation Insurance**
We highly recommend cancellation insurance, which protects you if you have to make a late cancellation in certain cases (such as a medical emergency). Cancellation and any needed medical insurance can be purchased through a travel agent. This should be done at the time your booking is nonrefundable.

We will send you a comprehensive Welcome Aboard package including information on how to get to your trip, what to wear and bring, and other tips. It also includes an online questionnaire and a passenger agreement. There is also a reading list, for those who like to do pre-trip reading.
