
EXPEDITION CRUISES BY BOUTIQUE SHIP

BRITISH COLUMBIA, CANADA, AND ALASKA
INTRODUCTION

Why Our Ships Give You the Best of the Inside Passage and Haida Gwaii

The coastline of British Columbia and Alaska undulates into bays, twists into archipelagos, and stretches down fjords that slice through mountain ranges.

This is wild geography. There are few roads. As a result, wildlife and nature thrive. The few coastal communities have a deep connection to the ocean.

To reach the richest areas, you must travel by water, as people have done for millennia.

Our tiny ships access a world closed to bigger ships. Our permits and First Nations protocol agreements, combined with our crew's local knowledge, give you exclusive reach to special areas, wildlife and people.

Personalized and Enriching

With just 8, 12 or 24 guests per trip, you travel as our welcome guest, not part of a crowd to be managed. The proximity you will feel to the coast's mountains, forests and life is incomparable with any other form of cruising. Every moment is part of a real journey.

Enjoy the friendship of residents. Smell the sweet coniferous forest as you step ashore. Feel the rhythm of ship and ocean as you steer under crew's guidance, taste the flavour of huckleberries or freshly caught prawns, and hear a whale's sharp inhalation of breath before it dives.

Our purpose is to delight and inspire you, while also benefiting our ecosystems and social fabric. Care and attention to detail are at the heart of all we do.

Local Guides

Everyone is a local - from naturalist to chef - with insights to share. Often they are involved in ongoing coastal research, community building, and the care of our unique ships. All are handpicked for their mastery and expertise. They are happy to share their knowledge with you – expert mariners’ intimate understanding of coastal bathymetry and weather; chefs’ knowledge of how to make delicacies from nettles; naturalists’ understanding of bears’ body language; visits with local researchers who understand the latest patterns and behaviours of humpback whales.

Typical Activities

- Rainforest walks
- Beachcombing
- Exploring by small boat
- Wildlife viewing
- Natural history interpretation
- Coastal village visits
- Beach campfire and star watching in dark skies
- Cultural experiences and site visits
- Photography
- Kayaking (optional)
- Hiking (optional; possibly one good hike on a trip)
- Fishing (with a licence)
- Foraging (sea asparagus, berries, etc., some trips only)

Eco-Tourism is Regenerative

Our approach is to enhance, rather than take from, our home, to give you an exceptional experience that also leaves a legacy. Ever since our inception 30 years ago, we have celebrated, partnered with and funded nature conservation and cultural communities, including indigenous communities and guides, where we operate.

Spontaneous Adventures

Our itineraries are flexible to give you the best experience possible; they are true open itineraries in the spirit of exploration and discovery. If you seek to explore in an authentic way, with the camaraderie of expert crew and guides, we look forward to welcoming you aboard.

Is Adventure Travel for You?

This is a trip for people with adventurous spirits. Our ships are beautiful and comfortable but if you seek urban or cruise ship amenities, including shows, shopping and 24-hour-a-day alcohol, this trip may not be for you.

A Letter from Kevin & Maureen: Our Coastal Community

Dear Friends,

We are pleased to introduce you to the wonder and soul of the spectacular coastline we consider ourselves fortunate to spend our lives on.

We know that your holiday time is precious and we are grateful you have chosen to spend it here.

Although in geological time, Maple Leaf Adventures’ 35 years of history is a blip, in our time, it has enabled us to build deep, meaningful connections with places and people all along the coast’s stunning breadth.

We sometimes say that the coast is like a small town – a 1,000 kilometre-long small town. Whether we’re in Sitka or Bella Bella or Ganges, we share a marine-based culture. We’re connected even when we can’t see one another – by the usual methods, by our travels and visits ashore, and also by the marine radio that’s a lifeblood of the coast.

We’re connected by our pride in doing great work to keep our coastal economies, nature and communities alive and healthy.

All of us – from our crew who maintain and operate our three coastal ships, the guides who steer you to that special wildlife spot, the elders who share their time, the conservation scientists who receive our support, to the folks in the office making arrangements – welcome you to the Maple Leaf Adventures family and, by extension, to our coastal community.

Thank you.

Kevin Smith and Maureen Gordon
Co-Owners

Welcome aboard. Join us to explore the thousands of islands that make up the Inside Passage and Haida Gwaii.

And we’re connected by our pride in doing great work to keep our coastal economies, nature and communities alive and healthy.

About the Itineraries

In each destination that follows, we list the sample itinerary for each trip. The itineraries show the route and events of a typical trip. Note, that our itineraries are flexible, to accommodate the actions of wildlife, weather and special events we encounter. Our expert crew know how to combine the highlights of each area, and in the right order, to provide the best possible trip each time.
“We were warmly welcomed by Haida people who introduced us to their culture and traditions, and led us on tours of their historic sites. We also had great fun kayaking, fishing for rock bass and harvesting sea asparagus. Life on the Cascadia was pure luxury in terms of comfort, gourmet dining and amazing service.”

**Explore ancient ecosystems, wildlife, Haida culture and monumental art on our classic trip.**

In this archipelago, sometimes known as “the boundary between worlds”, you’ll experience the meeting of North America’s ancient rainforest, ocean and charismatic wildlife, and the culture that grew from them.

Situated on the continental shelf, the region is one of the planet’s most biologically productive. Among the hundreds of islands, the marine world is thick with fish, mammals and seabirds. Haida Gwaii has supported the powerful and artistic Haida culture for so long that nobody knows how far beyond the last ice age this history runs.

Our rich itinerary lets you fully experience this place of wonder: from the communities of the north island to Gwaii Haanas in the south; from ancient village sites to modern culture; from dense rainforest to sweeping beaches; from small beach shells to huge baleen whales and thousand-year-old cedars.

**Special Features**

- Haida-guided interpretation, with additional free time, at ancient Haida village sites, including UNESCO world heritage site SGang Gwaay (Ninstints).
- A longer trip, with a week in the protected Gwaii Haanas region.
- Naturalist walks in ancient rainforest, beachcombing, natural hot springs soak, wildlife colony visit, remote island exploration.
- Unique exploration of northern Haida Gwaii highlights on our land day portion of the trip.
- A seamless journey that builds in depth and camaraderie.
- Local guides with 35 years’ of history operating here.

DAY 4-5
Sailing southward in Gwaii Haanas, Cape St. James (southern tip of Haida Gwaii), Woodruff Bay beach exploration, fishing.
Awe and humility in one of Earth’s last great wild places.

Journey into one of Earth’s greatest wild places. It is a land of fjords, mountains, rainforests, and great river estuaries. It is home to grizzlies, wolves and the mysterious white Spirit Bear. Maple Leaf’s trips in 3 seasons (spring, summer, fall) are timed for peak experiences of natural beauty and wildlife.

Special Features
- Cruising and exploring granite fjords, hidden passageways and quiet coves.
- Opportunity to view grizzly bears, black bears and spirit bears in their natural habitat, with expert guides.
- Seasonal highlights with naturalists: wildflower meadows in spring, outer beaches and exploration in summer, salmon spawning in autumn.
- Whales and other marine mammals populate the protected waters.
- Ancient human history and modern First Nations culture with local hosts.
- Other wild highlights such as west-coast beaches, natural hot springs.
- Exploring the ancient rainforest – the largest tracts in the world, without roads.
- Visits with researchers who have spent many years discovering new elements of the region’s biology.

“Every day was an exciting one. We saw abundance of wildlife; humpback whales bubble-net feeding, eagles galore, grizzlies, black bears and low-and-behold a Spirit Bear fishing for salmon.

This trip exceeded all our expectations. I returned home with thousands of photographs and wonderful memories which I will cherish forever.”

- Sandra H., 2021

“Our trip was truly amazing and better than we could have imagined. Southeast Alaska is one of the most beautiful and peaceful places we’ve been. Our crew was exceptional. It would not have been such a great trip without their expertise in everything. They were professional, knowledgeable, talented, extremely gracious, and fun hosts!”

- Maggie T. 2017

The ultimate Alaska itinerary.
Southeast Alaska breathes majesty: fjords, islands, rivers, and tidewater glaciers. Its rich, cold waters support abundant wildlife, from humpback whales to sea otters, sea lions, and millions of seabirds. The land supports towering rainforests and lush estuaries where brown bears, black bears and bald eagles feed. The towns evoke Alaskan history – from Tlingit to American. On board a Maple Leaf boutique expedition cruise, your exploration of this overpowering wilderness differs significantly from the typical cruise ship experience.

You will be part of a very small group of guests who wish to experience Alaska by living and breathing its grandeur day after day, not by steaming past it at twenty knots.

Special Features
» Intimate and up-close experience of Alaska’s ice world, with at least one day-long journey down a fjord to a calving glacier, plus zodiac ride or kayaking with naturalists among the ice bergs and local wildlife.
» Special, hard-to-get access to the best brown bear viewing site in southeast Alaska, Pack Creek, with our expert bear guides.
» Guided visits to historic Alaskan communities like Petersburg, Ketchikan and Sitka, as well as the hamlet of Baranof (possible hot springs).
» Flexible daily itinerary to make the most of ad-hoc opportunities.
» Close encounters with whales and other marine mammals to observe and listen to their natural behavior in a respectful manner.
» Rainforest walks, beach visits, and a sense of what it’s like to live in the nature of southeast Alaska.

Mediterranean islands and nature's bounty in the Salish Sea

Some people who visit the Gulf Islands think they’ve stumbled into paradise.

This group of hundreds of semi-Mediterranean islands in a protected sea has drawn people for millennia, with its green and gold slopes, blue ocean and ring of snow-capped peaks.

With 200+ islands and islets, some with "dry rainforests", some with white shell beaches, some with colonies of animals, the options for exploring are many.

The Gulf Islands offer a combination of unique wilderness, eclectic communities, and deep human (First Nations) history. While you’ll visit some of the larger, well-known islands, you’ll also be guided to little-known havens to which most people will never have access. (Ever heard of Cabbage Island? How about Mandarte, Prevost and Wallace?)

Special Features

- Island hopping in the calm Salish Sea, including off-the-beaten-track, natural islands and islets.
- Beachcombing on a variety of beaches – white shell, sand, rocky.
- Walks in forests, meadows and historic farmsteads. Flexible daily itinerary to make the most of ad-hoc opportunities.
- Wildlife viewing (seabirds, sea lions, seals, possible porpoises and whales).
- Historic site visits, from First Nations to Kanaka settlements, to modern outposts.
- Cruising the scenic ‘back ways’ through the islands.

“We loved our time aboard the beautiful boat and had amazing shore adventures every day; tide pooling, hiking, caving and exploring. The crew were outstanding and went out of their way to make our trip special. We created travel memories that will last a lifetime right here at home in our own beautiful country.”

“Some nights I hear whales in my dreams. Some nights I wake... and find it hasn’t been a dream at all.” – Alexandra Morton

This is the “Serengeti of the sea”: rich in wildlife, home to a complex whale community, addictive cruising and ancient human cultures. It is the best place on earth to see killer whales and humpback whales. It is rich in seabirds, porpoises and other ocean life. On forested islands and on the water, humans have also thrived for millennia and this trip will introduce you to the ancient and modern First Nations culture.

Special Features

» Watching and learning about whales and how they live, for hours in comfort, with our flexible itinerary and expert guides.

» Visits to tiny coastal places such as the boardwalk community of Telegraph Cove, the historic Kwakwaka’wakw site at Village Island, and Alert Bay, a community that is home to the spectacular Kwakwaka’wakw cultural centre, U’mista.

» Cruising intricate channels and island hopping, viewing seabirds and perhaps even a black bear swimming while under way

» Rainforest walks and, time permitting, exploring the rich nature of a mainland inlet estuary.
DAY 1
Board the ship, orientation, sailing. Humpback whale & porpoise viewing. Optional evening kayak.

DAY 2

Nature and culture in one of the world’s most diverse ecosystems.

Named the #1 island in continental US and Canada by Condé Nast Traveler readers, Vancouver Island offers everything from a historic small city, Victoria, to a remote peninsula whose ecosystems go back past the last ice age; from wildflower meadows and islands with cactus, to giant rainforest cedars next to long sand beaches swept by the Pacific Ocean. Our Vancouver Island trips showcase this diversity, with unique journeys through nature and culture.

Special Features

» Beautiful vistas of one of BC’s most breathtaking fjords.
» Hikes from the beach, along rivers and waterfalls to BC’s warmest lakes.

The Soul of The Coast

Although our guests visit for the nature and culture, they say overwhelmingly that it was the crew that made their trips so special. Skilled and welcoming, each person is dedicated to sharing their knowledge to make a memorable trip for you.

You’ll also meet other locals onshore -- community leaders or elders, researchers, and other local guides.

Maple Leaf Adventures has been involved in important land-use, conservation and sustainable industry development on the coast for over 30 years. Our connections to what is happening on the ground and in government, as well as what is being discovered, run deep, bringing you access to special people and places.
“It is a stunning example of design, comfort and class. It is purpose-built to explore.”

About Cascadia
The go-anywhere MV Cascadia was built to take you to the wild corners of the world, while providing a level of luxury that cannot be found elsewhere on this coast. With just 24 guests, Cascadia is bright and spacious. Find comfort and solitude in your private cabin or enjoy time in any of the interior or outdoor lounges, or the “open” bridge. Her large windows bring the outside in, and her separate dining area becomes a sophisticated “long table” event for meals.

About Maple Leaf

Maple Leaf is one of Canada’s most historic vessels and our flagship. Built in Vancouver in 1904 as a luxury racing yacht, she has a long history as both an elegant and tough ship, and is well-loved along the coast.

Maple Leaf is not only a beautiful work of art, she is a comfortable vessel at sea. She can take you to the coast’s wildest, remotest corners more comfortably and safely than most other vessels. Her sails and 40,000-pound keel keep her steady.

Epitomizing the spirit of adventure, Maple Leaf’s trips typically have the strongest camaraderie between guests and crew, sometimes referred to as summer camp for sophisticated adults.

**Special Features**

» 360-degree views on deck.

» Steer and help sail traditionally rigged schooner.

» ‘Flying’ over the water on the bowsprit.

» Strong camaraderie between guests and crew.

**Public Area**

» Dining lounge and library: excellent collection of books on nature and culture of the coast. A calm place to sip coffee and read, and a warm chef’s kitchen party at night.

» Open wheelhouse lounge, with natural history tools, access to the navigators and comfy seating.

» Three levels of deck for viewing, lounging, having alone time or being with the naturalist and crew.

**Expedition Equipment**

» 2 rugged, rigid-hull inflatable shore boats.

» 2 kayaks.

» Hydrophone (for listening to whales).

» Video microscope and presentation screen.

» Portable, mini aquariums and plankton tow.

» Fishing gear.

**Cabin Information**

» The spacious main cabin is airy and divided by half-walls and heavy curtains into four “cabins,” providing sleeping accommodations for eight guests. Each area contains large comfortable beds (six and a half feet long), space for your belongings, brass reading lamps, fluffy duvets and blankets. They have walls on two-and-a-half sides and thick, heavy curtains on the other one-and-a-half sides.

» Note: If you are a solo traveler, you will be sharing one of the berths, or our comfortable wheelhouse accommodations, with a same sex solo traveler.

About Swell
Swell is an authentic, coastal tugboat. Her small size and handsome character prove that great things come in a small package.

Her salon is both reading room and lodge dining room for meals. Her cabins are beautifully and lovingly decorated, but they are not hotel rooms. They are authentic, small boat cabins. This means the beds are non-standard sizes but are comfortable. There are door sills to step over to enter each cabin. So step aboard without thinking of cabins as hotel rooms, but rather as cozy cabins on a real heritage ship.

SCIENCE AND CONSERVATION

Your Trip Supports Our Conservation-Based Economy

By travelling with Maple Leaf, you are part of the important, emerging, conservation-based economy on the coast. We are a coast-owned and operated business, and 99% of the money from the trips stays within the coastal economy, providing meaningful and inspiring work that helps rather than hinders the coast.

Our ecotourism values inform all decisions we make. In addition, here are a few highlights from recent conservation action and support from our trips, crew and leadership.

» Marine debris removal: In fall 2020 and spring 2021, Maple Leaf Adventures worked with our colleagues, our partners in several Indigenous nations, and the BC government to create and execute the largest-ever clean-up of marine debris on the BC coast, in the Great Bear Rainforest.

» Bear research: Maple Leaf Adventures made a long-term commitment to fund part of a bear research and community stewardship program, operated by Raincoast and several Indigenous nations, in the Great Bear Rainforest. In coming years, stewards from this program will meet with our guests on trips.

» Citizen science: Maple Leaf Adventures is expanding our ad-hoc citizen science program to develop a way for all guests in future to participate in providing valuable observations or research to scientists and government planners. Stay tuned for more.

» 1% For The Planet: 1% of revenues for the trips is donated to conservation on the entire coast, vetted by the 1% For The Planet audit team each year.

FREQUENTLY ASKED QUESTIONS

Eligibility

Anyone is eligible so long as they are: enthusiastic about participating; amenable to the vagaries of weather; agile enough to clamber in and out of shore vessels in an area where there are no docks, walk along an uneven shoreline, step over a raised door sill, and climb a short steep staircase; and friendly enough to get along in the relatively close quarters of a yacht. We have had people on board as much as 80+ years of age. However, our trips are not suitable for people of failing health or physical disabilities.

Dietary accommodation?

Yes. If you advise us in the pre-trip forms we can accommodate most dietary requirements.

Shore time – will I get ashore?

Yes–usually a few times a day. Each shore trip is usually between 1 and 3 hours in length.

Kayaks

You are welcome to paddle in the bays we anchor in.

Operating history

We have been operating since 1986.

Can I help sail?

Aboard our sailing ship you are welcome to lend a hand when we sail, but it is optional.

Will I be seasick?

Sea sickness on our trips is rarely a problem as your trip is on a sturdy and sea-kindly ship. We travel short distances in protected waters and go ashore often.

I’ve never been on a boat – is that OK?

Yes. You are aboard as our guest and we will look after you very well.

Single supplement

On the Maple Leaf, there is no single supplement. If the trip fills, you will share with another single person of your own sex. On Swell and Cascadia there is a 50% single supplement for a cabin (category 1 or 2 only). Ask us about sharing on Cascadia.

The other guests

Our guests are people like you, who are interested in high quality experiences and in learning about the natural world and/or culture and enjoy the path less travelled.

**Cancellation Insurance**

We highly recommend cancellation insurance, which protects you if you have to make a late cancellation in certain cases (such as a medical emergency). Cancellation and any needed medical insurance can be purchased through a travel agent. This should be done at the time your booking is nonrefundable.

**Pre-Trip Information Package**

We will send you a comprehensive Welcome Aboard package including information on how to get to your trip, what to wear and bring, and other tips. It also includes an online questionnaire and a passenger agreement. There is also a reading list, for those who like to do pre-trip reading.

**Full Ship Charters**

Charter an entire trip for your family and friends and share quality time without worrying about logistical details. Children are welcome on full ship charters. Contact us for details.

**How to Book Your Trip**

To book, we welcome your call or email. We complete bookings by telephone (contact details on reverse).
About Maple Leaf Adventures

Maple Leaf has received the Parks Canada Sustainable Tourism Award for promoting the appreciation of Canada's natural, cultural and aesthetic heritage, while also protecting them.

As a long time practitioner of ecotourism, Maple Leaf Adventures pioneered travel in BC’s Great Bear Rainforest and northwestern Vancouver Island, and we have made significant contributions to conservation.

Our trips are operated by expert locals and recognize the traditional territory of coastal First Nations, with whom we work, through protocol agreements. National Geographic Adventure has rated Maple Leaf Adventures one of the “Best Adventure Travel Companies on Earth”.
