

Updates to the 2019 Trips

EXPEDITION CRUISES BY BOUTIQUE SHIP

Dear Friends,

We write to you with much anticipation for our 32nd season operating along the Alaska and British Columbia coast. This year marks a special year for the Maple Leaf Adventures' family, for we are celebrating Cascadia's addition to our fleet. As part of our updates to our 2019 schedule, we have chosen to extend our flight promotion until March 15th, for a one-way flight from Vancouver or a night in the hotel on a handful of our trips:

- Gulf Islands, Apr 15-19 aboard Swell
- Gulf Islands, Apr 16-20 aboard Maple Leaf
- Desolation Sound, May 6-10 aboard Swell
- Desolation Sound, May 11-15 aboard Swell
- Vancouver Island's Wild Side, Jul 14-20 aboard Cascadia

If you are in need of something to look forward to this year after a long winter, we encourage you to reconnect with the coast. Our exploratory trips are timed for the rebirth of spring. From cruising through the wildflowers of the Gulf Islands to the upper corners of the Kitlope in the Great Bear Rainforest, we enjoy finding new beaches, waterfalls, and anchorages that we haven't been to before, as well as taking you to classic highlights.

Or, if you're looking for a gift or something different, our newly added culinary trips in the Gulf Islands or Sunshine Coast make a great way to experience all the coast has to offer.

We hope you can join us this year and that 2019 brings you new adventures.

Kevin Smith and Maureen Gordon

• Alaska Adventure

The best of Alaska's inside passage and west coast: glaciers, rainforest, bears, whales, wilderness, small towns, culture.

• Haida Gwaii (Queen Charlotte Islands)

Explore the 140 islands of Haida Gwaii, including Gwaii Haanas. Highlights include Haida villages, spectacular whales, rainforest and marine life.

• Great Bear Rainforest

Cruise the fjords of one of Earth's last great wild rainforests, home to grizzly, black and spirit bears, whales, and spectacular scenery.

• Whales and Totems of the Rainforest (Broughton Archipelago)

Explore the world of the killer whale, in the 200+ islands of the Broughton Archipelago. Extensive viewing, shore trips and cultural sites included.

• Gulf Islands National Park/ Salish Sea & Vancouver Island

Island hop in the new National Park, visit wildlife colonies, walk the rainforest and rocky bluffs, and explore remote beaches and tiny islands.

• Craft Beer, Culinary and Nature Trip in the Gulf Islands

Sample 50 of BC's top craft beers and learn from an expert brewing historian while exploring the Gulf Islands and Vancouver Island.

The Maple Leaf Difference

On your exploration of the Alaska and British Columbia coast, you will be the special guest of the local people - we have lived on and explored this coast all our lives. You will travel with expert naturalists and guides, who care about you personally, and ensure that you gain superb access, with our exclusive permits, to special areas. Our classic, expedition ships have authentic coastal pedigrees, and their beauty, comfortable cabins, and delectable cuisine will delight you. What's more, with low guest numbers and the best guest to crew ratio, our expert crew will ensure you'll enjoy great camaraderie. Finally, Maple Leaf Adventures is an eco-tourism business that supports coastal research, communities, and conservation.
